Telehealth services are provided through a third-party provider. When medically necessary, The providers can submit a prescription electronically for purchase and pick-up at your local participating pharmacy, however, The providers cannot prescribe elective medications, narcotic pain relievers, or controlled substances. The providers are each licensed by the appropriate licensing board for the state in which they are providing services, and all have prescriptive authority for each of the states in which they are licensed. The provider provides access to online medical consultations with physicians, nurse practitioners, and physician assistants who can write prescriptions when medically necessary and permitted by state law. The provider is not an online pharmacy, and medications cannot be purchased or dispensed from the provider directly. The provider is not a replacement for your primary care physician or annual doctor's office visit. Subject to state regulations, the provider is available nationwide with providers licensed to practice in you state who use video and/or audio technology.

Eagle Care Health Solutions is a healthcare membership. It is not insurance. This brochure only provides a brief description of key features of benefits. It is important to review the complete Membership Guidelines and Benefit Details. This is a non-insurance benefit.
