

# EAGLE ACCESS

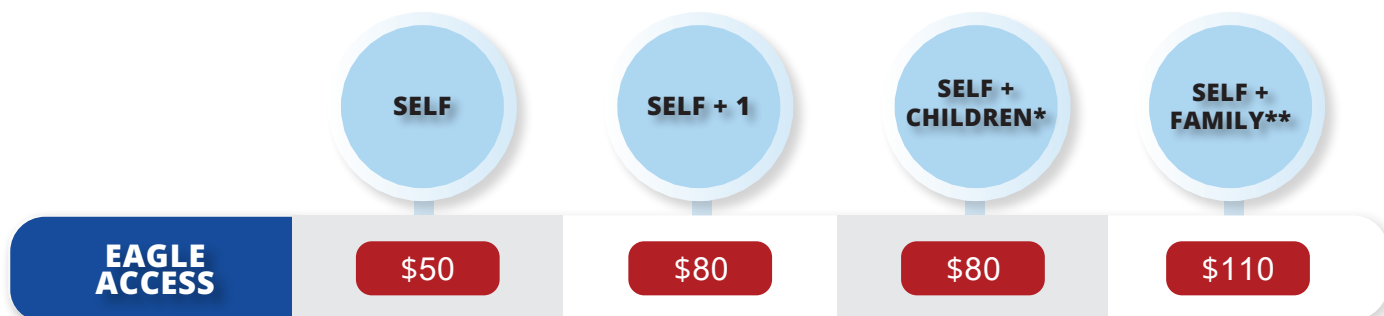

## VIRTUAL DPC, URGENT CARE, AND BEHAVIORAL HEALTH + BASIC RX BENEFITS + FINANCIAL WELLNESS

It's a simple fact - when you or a loved one is not feeling well you want access to professional medical care as soon as possible; and taking time off from work can complicate an already stressful situation even more.

Eagle Access provides you and your family with 24/7 convenient access to medical and mental health care from the convenience of your mobile device or laptop, from virtually anywhere, anytime.

Telehealth services are provided through a third-party provider. When medically necessary, The providers can submit a prescription electronically for purchase and pick-up at your local participating pharmacy, however, The providers cannot prescribe elective medications, narcotic pain relievers, or controlled substances. The providers are each licensed by the appropriate licensing board for the state in which they are providing services, and all have prescriptive authority for each of the states in which they are licensed. The provider provides access to online medical consultations with physicians, nurse practitioners, and physician assistants who can write prescriptions when medically necessary and permitted by state law. The provider is not an online pharmacy, and medications cannot be purchased or dispensed from the provider directly. The provider is not a replacement for your primary care physician or annual doctor's office visit. Subject to state regulations, the provider is available nationwide with providers licensed to practice in you state who use video and/or audio technology.

Eagle Care Health Solutions is a healthcare membership. It is not insurance. This brochure only provides a brief description of key features of benefits. It is important to review the complete Membership Guidelines and Benefit Details. This is a non-insurance benefit.
